TABLE DES PLANCHES.

Cette Table a deux destinations principales; l'une est de faire connaître pour chaque planche, et même pour chaque figure, les numéros du texte qui renvoient à cette planche ou à cette figure; l'autre est de donner l'énoncé du problème traité dans chaque épure.

Lorsque plusieurs questions se trouvent résolues dans la même épure, nous n'indiquerons ordinairement que la plus importante.

Quant aux figures dont l'objet est d'aider le discours, nous nous contenterons d'indiquer les numéros qui correspondent à chacune d'elles.
